LINDA SPEVACEK

Linda Spevacek is a professional, certified coach who recently founded The Launch Companies, Ltd. after a group of clients named her America's "Launch Coach". Linda works on success strategies and leadership development with professionals who want to get fired up and go further, faster, while still feeling fulfilled in their lives.

Linda's interest in leadership has been evident all of her life. Professionally, she has founded organizations, started companies, managed billion dollar portfolios, negotiated \$100 million transactions, motivated employees, participated on strategy teams and served on boards. She also holds an MBA in Finance. Outside of her work, Linda is passionate about kids, the arts, and the environment. She was recently re-elected to her town's Planning and Zoning Commission and serves on the board of Holcomb Farm – an historic, organic farm and learning center that provides arts and environmental education as well as organic produce to thousands of kids and families throughout the Connecticut river valley. Linda has been married to the same man for 24 years (who she dreamed-up via a four-page list of characteristics before she met him). They have two wonderful teenage sons and recently built their dream house overlooking a sparkling river.
